

Contract Award Notice

Laptop Computers, Peripherals and Value Added Services

Contract Number: 15-20454-405

Provider: Insight Public Sector

Effective Date: May 3, 2004

Contract Term: May 3, 2004 through April 30, 2005

Replaces the following contracts:

15-39100-101: WSCA Microcomputer Contract—Hewlett Packard/Compaq

15-39100-102: WSCA Microcomputer Contract—Dell

15-39100-103: WSCA Microcomputer Contract—IBM

15-39100-104: WSCA Microcomputer Contract—Gateway

These contracts will remain in effect for servers for state agencies and available to the University System and local units of government in entirety. *State agencies may not use these contracts for desktop, laptops, peripherals or services.*

15-39100-200: Intel Microcomputers and Services—IBM and Gateway

15-39100-205: Intel Microcomputers and Services—Dell, HP and Toshiba

These contracts will expire on June 30 and will not be extended.

As part of the state's initiative to standardize hardware the contract for **Laptop Computers, Peripherals and Value Added Services** has been awarded to Insight Public Sector representing IBM. The Desktop Domain Subcommittee of the Technology Leadership Council has set standards for a laptop computer that will be the only laptop computer available to state agencies. Memory, optical drive, and hard drive upgrades are available through this contract as well as services such as imaging, installation, additional 4 and 5 year warranties and asset tagging.

Attached to this document is pricing for the included commodities as well as contact information. Insight Public Sector and IBM are prepared to receive orders starting Monday May 3 in order to deliver by the end of the fiscal year. All information will be posted to Vendornet.

It is expected that the laptop computer specified on this contract should meet 85 to 90% of the state's computing needs, however, a "Business Case Exception" process is being finalized if this configuration does not meet the needs of specialized applications.

Monitors, peripherals and value added services are available through this contract. Peripherals will also be available through contract 15-20468-415, Peripherals, to be awarded on or before May 10.

Other contracts awarded as part of this bid process are:

15-20453-400 Desktop Computers, Peripherals and Value Added Services awarded to Insight Public Sector.

15-20454-410, Tablet Computers, Peripherals and Value Added Services to be awarded on or before May 10.
